LMS Design System Documentation

1. Brand & Design Principles

Visual Strategy: The design language is **Clean, Functional, and High-Contrast**. It prioritizes clarity and task completion, typical of enterprise or educational software.

Vibe: Professional yet approachable. The heavy use of white space combined with a vibrant primary orange creates an energetic but organized atmosphere.

Density:

- **Desktop:** Low-to-Medium density. Generous padding is used to separate sections, making data easy to scan.
- **Mobile:** Medium density. Elements are stacked efficiently but remain touch-friendly.

Shape Language: Soft and friendly. Rounded corners are ubiquitous (cards, buttons, inputs), suggesting a modern and accessible interface.

2. Foundations

Color Palette

The system relies on a strong primary orange, supported by neutral grays and functional semantic colors.

Token Name	Hex Code (Approx)	Usage
Primary		
color-primary-main	#FF7A1A	Main brand color, primary buttons, active states, top navigation bar.
color-primary-hover	#E66A1B	Hover state for primary actions.
color-primary-light	#FFF2E9	Backgrounds for selected items (sidebar), light accents.
Neutrals		
color-surface-white	#FFFFFF	Card backgrounds, input fields, main content area.
color-surface-background	#F5F6FA	Global page background (light gray/blue tint).
color-text-primary	#1A1A1A	Headings, main body text.
color-text-secondary	#666666	Subtitles, metadata (dates, times), placeholder text.
color-border-light	#E0E0E0	Dividers, card borders, input borders.
Semantic		
color-success	#34A853	Completion status, positive trends.
color-warning	#FABE19	"Streak" icons, stars/ratings.
color-error	#C44843	Error states, destructive actions.

Typography

- **Typeface: Poppins**
  It features open apertures and a friendly geometric structure.

Token	Role	Size (px)	Weight	
text-h1	Page Titles / Big Stats	32px	SemiBold (600)	
text-h2	Section Headers	24px	Medium (500)	
text-h3	Card Titles	18px	Medium (500)	
text-body-lg	Lead Text	16px	Regular (400)	
text-body-md	Standard Text	14px	Regular (400)	
text-caption	Metadata / Labels	12px	Regular (400)	
text-button	Button Labels	16px	SemiBold (600)	

Iconography & Imagery

- **Icons:**Line-styleicons with a stroke width of approx. 1.5px - 2px.
    - *Style:* Rounded terminals and joins.
    - *Active State:* Filled or highlighted with color-primary-main.
- **Imagery:**
    - *Thumbnails:* Rectangular with radius-md (approx 8px). Used for course previews.
    - *Avatars:* Circular. Used for user profiles.
    - *Placeholders:* Light gray backgrounds (#C4C4C4) are used when images are loading or absent.

Grid & Spacing

- **BaseUnit:**4px (8-point grid system).
- **Spacing Scale:**
    - space-xs: 4px
    - space-sm: 8px
    - space-md: 16px
    - space-lg: 24px
    - space-xl: 32px
    - space-2xl: 48px
- **Layout:**
    - **Desktop:** Sidebar navigation (fixed width ~250px) + Fluid Content Area. Content uses a 12-column grid within the main container.
    - **Mobile:** Single column stack. 16px horizontal margins.

3. Component Library

3.1. Buttons

- **Primary Button:**
  - *Anatomy:* Solid color-primary-main background, White text, radius-sm (4-6px).
  - *States:*
    - Default: #FF7A1A
    - Hover: Darken 10%
    - Active: Darken 20%
  - *Mobile:* Full width (block level).
- **Secondary/Ghost Button:**
  - *Anatomy:* Transparent background, color-text-secondary or color-primary-main text. Used for "View All" or less critical actions.

3.2. Cards (Containers)

- **Standard Card:**
  - *Anatomy:* White background, radius-md (8-12px), subtle shadow (shadow-sm).
  - *Usage:* Used for "Recent Activities", "Upcoming Training", and "Staff Members" lists.
  - *Padding:* space-lg (24px) internal padding.

3.3. Navigation

- **Desktop Sidebar:**
  - *Anatomy:* White background, vertical list.
  - *Item:* Icon + Label.
  - *Active State:* color-primary-light background strip with an orange accent line on the left or full text color change.
- **Mobile Bottom Bar:**
  - *Anatomy:* Fixed at bottom, white background, shadow-top.
  - *Items:* Icon + Label (stacked).
  - *Active State:* Icon turns Orange.

3.4. Input Fields & Dropdowns

- **Search/Select:**
    - *Anatomy:* White background, border-light (1px solid #E0E0E0), radius-sm.
    - *Icon:* Search icon on the right (or left depending on context).
    - *Typography:* text-body-md in color-text-secondary.

3.5. Data Tables (Staff List)

- **Structure:** Header row with text-caption (uppercase or heavy weight).
- **Rows:** White background, border-bottom separators.
- **Columns:** Aligned left (text) or center (status/numbers).

3.6. Course/Task Cards (Mobile)

- **Anatomy:** Large image thumbnail (top) + Content block (bottom).
- **Content:** Title (text-h3), Metadata row (Duration | Question count), CTA Button.
- **Progress:** "Mark Attendance" button appears for scheduled sessions (Grey button indicating disabled or secondary state until active).

5. Responsive Behavior Notes

- **Navigation:**Transitionsfroma**LeftSidebar**on Desktop to a **Bottom Tab Bar** on Mobile.
- **Cards:**
    - *Desktop:* Grid layout (3 cards per row for "Upcoming Training").
    - *Mobile:* Stacked vertically (1 card per row).
- **Tables:**
    - *Desktop:* Full table with multiple columns (Name, ID, Domain, Location, etc.).
    - *Mobile:* Likely collapses into a "Card List" view where each row becomes a small summary card, or horizontally scrolls (though card list is preferred for this design vibe).
- **Header:**
    - *Desktop:* Full orange bar with Logo (Left) and User Profile/Notifs (Right).
    - *Mobile:* Minimal white header with Logo (Left) and Notifs (Right). The orange brand color moves to the "Streak/Stats" section or is removed to save vertical space.
